To Whom It May Concern:

This letter is to verify that Blue River Organic Seeds, Operator #18590, is certified with OCIA.

Blue River Organic Seeds is in the renewal process at this time. An updated certificate and addendum will be issued once the inspection and final review are complete and no noncompliant issues are found.

Please note that the National Organic Program (NOP) and equivalencies on the organic certificate are continuous programs until surrendered, suspended, or revoked. A change in organic certification status can occur at any time; the operation is currently certified as of the date of this letter. If further verification of current organic status is needed, you may contact the OCIA International office.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Ann Ostransky".

Ann Ostransky  
Certification Coordinator
